

Black Cultural Center Newsletter

In 1984, black student leaders from the class of 1985 proposed the establishment of the Black Cultural Center to correlate with the increase in recruitment of black students. The BCC opened in 1991 in 126 Squires Student Center. The BCC is an important component of Virginia Tech's efforts to create a welcoming and inclusive campus. It is utilized by the campus community for educational programs, exhibits, meetings, and receptions. The BCC includes comfortable space for community building and for studying.

The Black Cultural Center will be Celebrating 30 Years at Virginia Tech...*"more information to come"*
